The following information is a quick and easy reference about LEO A Daly’s biocontainment experience. It includes both biocontainment patient care unit (BPCU) and various biosafety lab (BSL) experience.

BPCUs are located at Emory University Hospital in Atlanta, Georgia; the National Institutes of Health (NIH) in Bethesda, Maryland; St. Patrick’s Hospital in Missoula, Montana; and at Nebraska Medicine – Nebraska Medical Center in Omaha, Nebraska. The following highlights and the accompanying project data sheet on the LEO A Daly-designed Nebraska BPCU will help you understand our experience and the experts across our firm who can answer any additional questions you may have.

- **Nebraska Medicine – Nebraska Medical Center**
  - **Nebraska Biocontainment Patient Care Unit (BPCU)**
    - **Omaha, NE**
    - The BPCU is designed to treat dangerous, highly infectious diseases, like Ebola and SARS.
      - It is only one of four BPCUs in the nation
      - Five patient rooms
      - Largest unit of its kind – 4,100 SF
      - Completed in 2004

- **US Army Medical Research Institute of Infectious Diseases**
  - **Ft. Detrick, MD**
  - LEO A Daly redesigned the BSL-4 suite for emergency use as a Patient Isolation Suite to separate the USAMRIID staff from the general population. A fully equipped medical patient room is contained within the suite.
    - 1,065 SF
    - Accommodates two patients
    - Includes a training room for essential operations

- **BIOCONTAINMENT LABS**
  - LEO A Daly is experienced in designing all levels of biosafety labs (BSL-1; BSL-2; BSL-3; BSL-4) to protect researchers from contamination and to prevent microorganisms from entering the environment. We have completed biosafety lab projects for the following clients:
    - Columbian Chemicals Company
    - Florida Atlantic University
    - Florida Gulf Coast University
    - Georgia State University
    - Max Planck
    - Merck & Co.
    - Scripps
    - University of California, Irvine
    - University of Nebraska-Lincoln
    - US Army Health Facility Planning Agency
    - US Army Medical Research Institute of Infectious Diseases (USAMRIID)
    - US Department of Agriculture
    - Walter Reed Army Medical Center
